Julie Marie “Movie” Day, of Arnaudville, Louisiana, passed away on Thursday, June 9, 2022. She was born in Alexandria to John and Fay Day on October 3, 1970.

Her distinct voice and infectious laugh could fill the halls of even the biggest hospitals. Julie had an over-the-top personality that ensured she never met a stranger. Her down-to-earth demeanor and propensity to “tell it like it is” made her countless friends everywhere she went.

Above all else, Julie loved her two daughters so much. She would tell anyone who would listen just how proud she was of them and their accomplishments.

Those left to cherish her memories include her two daughters, Sonnie Rae and Sammie Fae Greene; her mother, Fay Day; three siblings, Kitty Lynn Day, John Anthony Day Jr (Becky), and Vicki Fay Hauk; seven nieces and nephews, Kortney, Kathryn, Brock, Jade, Kannon, Thomas, and Charli Fay; four great nieces and nephews, Kelsey, Clifton, Kaelynn, and Kitty Grayce. She leaves behind too many great friends to count.

“ Julie Day Day, I still can't believe that you are gone. But most important you will never never ever be forgotten. You were the most loving, jolly person that I ever met. Your smile was Such an amazing glow. Julie would come in the morning at work with a smile on her face dancing down the hall and in the patient 's room. Those patients really loved her. But most of all I will miss you so much. Just before I heard the news you came across my mind. I was thinking about calling you but now it too late.😞 Rest In Peace Julie Day Day! For Ever My Beautiful Friend! ❤️

“ My heart is shattered. Julie was our Minute Clinic Nurse at the CVS in New Iberia, Louisiana/working under contract for about 4 months with us. I'm a retired teacher currently working there part-time. When she came to work each morning - she made sure in passing to tell me “Mornin' Sunshine!!” I adored her from the moment I met her. I'd make sure I went to the clinic where I knew I'd find her during my shift and have conversation with her - she was always full of the BEST stories!! If she wasn't “busy” she'd voluntarily go into the pharmacy and file prescriptions into the home location making it easier for them to be found. To share a funny story about she and I - (in the midst of COVID) I told her one evening I was running a fever and had a bad headache. She went to her purse and gave me 4 Advil. The fear was real that I might have been coming down with COVID. The night ended and we all went home. I was up the next morning feeling better than ever/no fever. When she came to work - I asked her “What did you 'lace' that Advil with ...?!?” She said (grinning at me) “Nothing!!” I told her “... I know you have Ivermectin and did she 'soak' that Advil she gave me in it ...” she laughed!!! I then told her “well, IF it was COVID I had last night - I had it for a total of 5 hours ...!!” THANK YOU for the Advil!!! ~ ALL of us at CVS were saddened when she told us she'd taken another job/working weekends only. We understood the hours would be better for her and her family. Sending Love and Light to Julie's daughters and family. Asking God to send His Angels down and comfort everyone through our grief and sadness. Soar (((BEAUTIFUL))) gorgeous blue-eyed Julie. My time spent with you is forever in my heart ... you ARE (((GOLDEN!!!))) ~ Sent with soooo much Love - Laurie Ayers/CVS #5299
